

Project Based Technical Designer.

Cairenn Foy Interiors is looking for an upbeat friendly individual to join our team to work on a project by project basis. Cairenn Foy is an Irish Fashion Designer that launched her childrenswear brand in 2017 and has since extended her offering into Interior Design as of March 2020. We work on commercial and residential projects with a focus on classic/contemporary projects. To date we have worked on a variety of very different projects.

We are excited to expand our team with the hope that we will further grow and be in a position to offer part time and permanent roles in the future. At present we are looking for the successful candidate to have the following skillsets:

Experience using Sketchup or Revit (or any 3D software programme).
Candidate must be experienced enough to use and work independently on 3D software and have access to 3D software remotely.

Experience in presenting design proposals with clients.

Excellent organisational skills.

Excellent attention to detail.

Can manage multiple design projects at once.

Strong communication skills with clients and trades.

Self motivated and must be able to work independently and under pressure.

Ability to research independently for different projects.

This role is a paid role whereby you earn €10.20 per hour.
